

TE PŪTAIAO ME NGĀ TAKE MĀORI

Specialisation

There is a fast-growing need for science graduates who are also fluent Māori language speakers. This specialisation enables students to pursue a science degree in a major subject while extending their knowledge of Māori language and culture.

This specialisation is available within any major subject for the Bachelor of Science or Bachelor of Science (Technology) degrees.

Note(s): You should consult the School of Māori & Pacific Development to determine your language entry level. Due to timetable constraints, it may not be possible to take all combinations of each science with each stream.

CONTACT FOR TE PŪTAIAO ME NGĀ TAKE MĀORI

Students are advised to confirm programme details with the faculty registrar.
